NO FURTHER RESTRICTION TO THE ABORTION LAW

Dear President,

Poland already has one of the most restrictive abortion laws in Europe. Abortion is only allowed if the pregnancy is the result of rape or incest, if the woman's life is in danger or in cases of severe or fatal foetal impairment.

Now, the Parliament is considering a bill to add even more restrictions to this very limited access.

If it goes ahead, this proposed bill will remove severe or fatal foetus impairment from the list of permitted grounds - putting many women's health at serious risk.

Act now to support the rights of women and girls in Poland and reject further restrictions to the abortion law.

Thank You.
